2024 RATE SCHEDULE

Your Touchstone Energy[®] Cooperative 

CLASS 4 – COMMERCIAL

- 411 - Small Commercial, Single-Phase
- 412 - Small Commercial, Single-Phase - Electric Heat
- 413 - Small Commercial, Single-Phase - Net Metering Member Generation
- 414 - Small Commercial, Single-Phase - Net Billing Member Generation
- 421 - Stockwells, Single-Phase
- 431 - Small Commercial, Three-Phase
- 432 - Small Commercial, Three-Phase - Electric Heat
- 433 - Small Commercial, Three-Phase - Net Metering Member Generation
- 434 - Small Commercial, Three-Phase - Net Billing Member Generation
- 441 - Small Commercial, Single-Phase - Bin Service
- 451 - Small Commercial, Three-Phase - Bin Service
- 461 - Schools and Churches, Single-Phase
- 462 - Schools and Churches, Single-Phase - Electric Heat
- 463 - Schools and Churches, Single-Phase - Net Metering Member Generation
- 464 - Schools and Churches, Single-Phase - Net Billing Member Generation
- 471 - Schools and Churches, Three-Phase
- 472 - Schools and Churches, Three-Phase - Electric Heat
- 473 - Schools and Churches, Three-Phase - Net Metering Member Generation
- 474 - Schools and Churches Three-Phase - Net Billing Member Generation
- 481 - Large Commercial, Three-Phase – 200-1000 kVA

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SMALL COMMERCIAL, SINGLE-PHASE			Rate Number 411
Rate Class: 4 – Commercial	Rate Cycle: 411	Approved: December 19, 2023	Page 1 of 1

Availability

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Rate

Billed monthly

Facility Charge.....	\$ 39.50
First 500 kWh	\$ 0.115 per kWh
Over 500 kWh.....	\$ 0.080 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th. A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SMALL COMMERCIAL, SINGLE-PHASE ELECTRIC HEAT			Rate Number 412
Rate Class: 4 – Commercial	Rate Cycle: 412	Approved: December 19, 2023	Page 1 of 1

Availability

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer.

Must have a separately metered, permanently installed heating unit as the primary heat source for the residence. Midwest will provide the meter to record the usage by the heat source – member must pay for the cost of installing the wiring for the meter. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Rate

Billed monthly

Facility Charge.....	\$ 39.50
First 500 kWh	\$ 0.115 per kWh
Over 500 kWh.....	\$ 0.080 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Electric Heat Discount

Credited only during the months of October through April.

Credit for energy through Heat Meter -\$ 0.025 per kWh

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Account Setup

Electric Heat Meter will be a separate account in rate 812 with the accounts joined with a Multi-Meter setup in Meridian.

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SMALL COMMERCIAL, SINGLE-PHASE NET METERING MEMBER GENERATION			Rate Number 413
Rate Class: 4 – Commercial	Rate Cycle: 413	Approved: December 19, 2023	Page 1 of 1

Availability

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Midwest will accept service applications up to 1% of our average monthly peak system load.

Type of Service

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Usage Calculation

At the end of each billing period, the energy the Member sells back to Midwest will be subtracted from the energy purchased from Midwest by the Member. If the net amount is delivered to the Member (more purchased than sold), the bill will be generated based on that net amount. If the net amount is received by Midwest (more sold than purchased), the net amount purchased will be credited back to the Member at Midwest’s current wholesale cost of energy. Member is responsible for the Facility Charge regardless of the net amount.

Rate

Billed monthly

- Facility Charge.....\$ 39.50
- First 500 kWh (if net is delivered).....\$ 0.115 per kWh
- Over 500 kWh (if net is delivered)\$ 0.080 per kWh
- All kWh (if net is received)...Credited at Midwest’s wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SMALL COMMERCIAL, SINGLE-PHASE NET BILLING MEMBER GENERATION			Rate Number 414
Rate Class: 4 – Commercial	Rate Cycle: 414	Approved: December 19, 2023	Page 1 of 1

Availability

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Usage Calculation

All energy delivered to the Member during the billing period will be billed at the normal Small Commercial rates. All energy received by Midwest during the billing period will be credited back to the Member at Midwest's current wholesale cost of energy.

Rate

Billed monthly

Facility Charge.....	\$ 39.50
First 500 kWh	\$ 0.115 per kWh
Over 500 kWh.....	\$ 0.080 per kWh
All received kWh...Credited at Midwest's wholesale cost of energy	

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: STOCKWELLS, SINGLE-PHASE			Rate Number 421
Rate Class: 4 – Commercial	Rate Cycle: 421	Approved: December 19, 2023	Page 1 of 1

Availability

Service to accounts primarily used for wells to provide water to livestock. May include outbuildings and other structures or loads. Maximum connected load under this rate may not exceed that which may be supplied from a twenty-five (25) kVA distribution transformer. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Rate

Billed monthly

- Facility Charge.....\$ 33.50
- First 500 kWh\$ 0.115 per kWh
- Over 500 kWh.....\$ 0.080 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th. Electric Heat Meter will be a separate account in rate 872 with the accounts joined with a Multi-Meter setup in Meridian.

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SCHOOLS and CHURCHES, THREE-PHASE NET METERING MEMBER GENERATION			Rate Number 473
Rate Class: 4 – Commercial	Rate Cycle: 473	Approved: December 19, 2023	Page 1 of 1

Availability

Service to schools and churches. Maximum connected load under this rate may not exceed that which may be supplied from a combined capacity of one hundred fifty (150) kVA distribution transformers.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Midwest will accept Net Metering service applications up to 1% of our average monthly peak system load.

Type of Service

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Usage Calculation

At the end of each billing period, the energy the Member sells back to Midwest will be subtracted from the energy purchased from Midwest by the Member. If the net amount is delivered to the Member (more purchased than sold), the bill will be generated based on that net amount. If the net amount is received by Midwest (more sold than purchased), the net amount purchased will be credited back to the Member at Midwest’s current wholesale cost of energy. Member is responsible for the Facility Charge regardless of the net amount.

Rate

Billed monthly

- Facility Charge.....\$ 70.50
- First 500 kWh (if net is delivered).....\$ 0.142 per kWh
- Over 500 kWh (if net is delivered)\$ 0.085 per kWh
- All kWh (if net is received)...Credited at Midwest’s wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: SCHOOLS and CHURCHES, THREE-PHASE NET BILLING MEMBER GENERATION			Rate Number 474
Rate Class: 4 – Commercial	Rate Cycle: 474	Approved: December 19, 2023	Page 1 of 1

Availability

Service to schools and churches. Maximum connected load under this rate may not exceed that which may be supplied from a combined capacity of one hundred fifty (150) kVA distribution transformers.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

Usage Calculation

All energy delivered to the Member during the billing period will be billed at the normal Small Commercial rates. All energy received by Midwest during the billing period will be credited back to the Member at Midwest’s current wholesale cost of energy.

Rate

Billed monthly

- Facility Charge.....\$ 70.50
- First 500 kWh\$ 0.142 per kWh
- Over 500 kWh.....\$ 0.085 per kWh
- All received kWh...Credited at Midwest’s wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric’s wholesale cost of power.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: LARGE COMMERCIAL, THREE-PHASE 200-1,000 kVA			Rate Number 481
Rate Class: 4 – Commercial	Rate Cycle: 481	Approved: December 19, 2023	Page 1 of 2

Availability

Service to accounts that require a distribution transformer of more than one hundred fifty (150) kVA. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Type of Service

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

On Peak Period

The On Peak Period is 1:00 PM to 9:00 PM Mountain Daylight Time on Monday through Saturday. No On Peak Period on Sundays and specified holidays (New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day).

Billing Demand

Monthly Billing Demand is established by the maximum kilowatt (kW) metered demand during any 15-minute period during that month. On Peak Demand is established by the maximum kW metered demand during any 15-minute period during any On Peak Period during that month.

Rate

Monthly billing

Facility Charge.....	\$ 1.250 per kVA
On Peak Demand Charge.....	\$ 16.500 per kW
First 100 kWh per kW.....	\$ 0.085 per kWh
Over 100 kWh per kW	\$ 0.040 per kWh

Secondary Capacitor Requirement

Secondary capacitors are required to be installed at the Member’s expense to correct the power factor of the connected motor to 95%. Any account without a secondary capacitor installed will be subject to a 5% surcharge on each bill until the situation is corrected.

Soft Start Requirement

Soft Starts are required on all motors 150 horsepower and larger.

Midwest Electric Cooperative Corporation

2024 Rate Schedule

Rate: LARGE POWER, THREE-PHASE 200-1,000 kVA			Rate Number 481
Rate Class: 4 – Commercial	Rate Cycle: 481	Approved: December 19, 2023	Page 2 of 2

Emergency Situations

Midwest reserves the right to control irrigation loads due to overloaded circuits, overloaded equipment, or equipment failure in Midwest’s Service Area. Midwest will only control loads that will help maintain reliability. Midwest will alternate customers during this control time as much as possible to reduce the risk of damaging crops in the restricted area. No incentive payment will be made in these emergency situations.

Terms of Payment

Payment is due on the 25th of the month following the period for which the bill is calculated. If the 25th falls on a weekend or holiday, the due date will be the next business day after the 25th. A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).
